Reining Division

"To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated completely." (2000 National Beining Horse Association Pattern Book)

APPOINTMENTS OF HORSE AND RIDER – See the "Western Appointments" section of this division. Skid boots, splint boots and protective leg wraps are optional in reining classes.

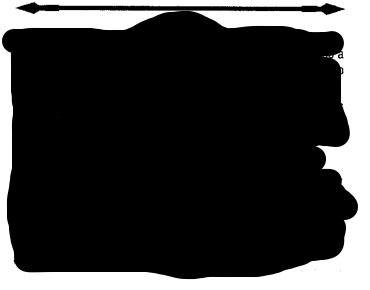

The judge will indicate the length of the pattern with markers on the arena fence or wall. Markers within the area of the pattern may be used as a guide, but circles, figure eights and other movements do not have to be performed within the markers.

- 5. Complete one and one-quarter spins to the left so that the horse is facing the left wall or fence.
